

Terri A. Kuchulis

Certified Public Accountant

Business Enhancement Services

Businesses today face many complex challenges that can threaten their very survival. I offer my expertise as an experienced business person, and a CPA, to help you achieve your business goals, navigate through these challenges and grow your business. I can help your business identify areas negatively affecting profitable growth and develop practical and sound solutions that increase efficiency. I provide comprehensive, flexible strategies that address the issues affecting your business and reduce your taxes, as well as acting as a sounding board for management.

- Management and Operations Review
- Organizational Planning and Restructure
- Business Process Improvement
- Internal Operations and Controls Review
- New Entity Setup
- Cash Flow and Budget Analysis
- Fixed and Variable Cost Analysis
- Profit Enhancement Strategies
- Performance Benchmarking
- Financing Assistance
- Business Acquisition Support
- Financial Statement Development
- Corporate Policy Development
